

Mock Emergency Drill

- WHAT:** Rail Runner Express and local Emergency Responders, with the assistance of Scouts and other volunteers, will hold a Full Scale Exercise to test their emergency response capabilities. Scouts can earn Service Time, work towards their Railroading and Emergency Response Merit Badges and have fun.
- WHO:** **Scouts, SM & ASMs ONLY!!!** Parents and siblings were originally invited to participate; however, due to requests from the Emergency Responders, the number of participants had to cut back.
- WHERE:** Brian Green will drive his van [seats 8]. If more Scouts & Old Goats volunteer, we will need additional drivers to the Rail Runner Sandoval County/US 550 Station in Bernalillo
- WHEN:** Sunday, August 9, 2009
- TIMES:** Depart from Scout Hut at 7:15 am and arrive at the Rail Runner Sandoval County/US 550 Station in Bernalillo between 8:00 - 8:20 am. The train will depart for the Drill Site at 8:30am. Anticipated return to Sandoval County/US 550 Station by 2:00 pm and back at the Scout Hut by 3:00 pm.
- BRING:** Scouts and Old Goats must be in full uniform to participate. Shirt, Scout belt, pants. No neckerchief. If wearing short pants, Scout socks must be worn. Lunch will be provided.
- BE PREPARED:** The Drill Site [Domingo, just north of Santo Domingo Pueblo] is flat, dry, and hot. There may be rattlesnakes, ants, spiders, scorpions, or other hazardous creatures, so be mindful of where you step/stand at all times. Do not use the restrooms on-board the train; instead use the Port-a-Potties provided on site.
- Areas of potential danger/hazard to participants will be marked off either with fence or CAUTION tape, including abandoned buildings and live nearby train tracks. Parents will be called to pick up their Scout and remove him from the premises, if caught in these areas

Emergency contacts: ~~ Brian Green 505/856-3684 / Dennis Kirson 505/238-8635
